 hello@tapestry-uk.org

- Tapestry Broadway Hub will provide Prevention-Focused Care for people living with dementia and their carers
- Investment in prevention reduces costs, enhances outcomes, and keeps people safe and thriving at home.

- Tapestry Broadway Hub will act as a vital partner for public sector bodies in delivering cost-effective prevention strategies.
- We will provide early intervention that enhances well-being and supports independent living. - Which will deliver a reduction in demand for crisis interventions, medical services, and emergency support.

Preventative Impact on Health Services

Our prevention focused activities will reduce hospital admissions through programs addressing isolation, mental health, and aimed at reducing falls.

We will offer Holistic activities such as gentle exercise, social engagement, sensory stimulation, reminiscence therapy. – Which will lower reduce anxiety and depression, and slow cognitive decline, reducing demand for GP and mental health services.

This Reduces Emergency Support Costs

In partnership with others we will provide community services that will prevent care breakdowns, home safety risks, and housing crises.

We will provide individualised care plans, offer early professional advice and deliver regular engagement which will reduce emergencies requiring council/NHS intervention.

We will offer a range of Carer support services (respite, training, guidance) aimed at lowering the risk of carer burnout.

We improve Independence and prolong Community Living

Our programs promote independent living with vital social connections, mental stimulation, and physical activity. - Which can prevent premature care home admissions.

We build dementia-friendly community partnerships. - Which enhance the lives of people living with dementia within the community.

We provide a Cost-Effective Solution for Public Budgets

Our Prevention focused support reduces long-term costs by lowering A&E visits, GP appointments, and emergency care needs

Our work aligns with Havering Council's strategic goals for proactive, person-centred care, and the current dementia and carers strategies

Our prevention focused interventions provide measurable financial savings.

Investing in Tapestry Broadway Hub is an investment in prevention, independence, and sustainable care

By referring people living with dementia to our Hub

You can

- Reduce the pressure on crisis services.
- Support carers and promote independent living.
- Help individuals with dementia live longer, safer, more fulfilling lives.
